Board Certified in General and Child & Adolescent Psychiatry

Welcome to my practice!

Starting off with paperwork is never fun, but it serves the purpose of optimizing the time we have at your first visit in the office.

I know it often takes some waiting before your first visit arrives. If you change your mind about the appointment or for some other reason are unable to keep it, please let us know as soon as possible even if it is close to your appointment date or time. It will mean that another person can get the care they need, sooner.

I hope to see you soon.
Sincerely yours,
